At American Fish, we have the advantage of all the resources and support that come with being an international company that's one of the largest distributors on the West coast. We offer the highest quality fresh and frozen seafood, promptly delivering it to you with excellent service at competitive prices. Our specialty, of course, is fresh seafood, and we serve all kinds of customers: whether you represent a white-tablecloth, upscale restaurant, or a high-quality chain restaurant group, our promise to you is that every customer is our top priority. We carry all major brands, and we offer custom cutting and portion control, which means that you can provide your customers with exactly what they want. Plus, with USDC inspection and our own cooking room, you know that any seafood you receive from American Fish will be only the highest-quality available.
