

## American Fish-Retail

At American Fish, we provide custom packing, tray packaging, and custom orders for each individual store. Our state-of-the-art facility houses a full line of products, both fresh and frozen, and a full-time USDC inspector is on site seven days a week. That means that with over twenty vehicles on the road daily carrying over 300 items, there's practically nothing we can't deliver to your door. Plus, our customer-service representatives offer training and seminars to help retailers respond to trends and stay abreast of the latest advancements in seafood-handling technologies.
